DEVELOPMENT DEPARTMENT.

## COMMUNICATION TO THE LEGISLATIVE COUNCIL.

With reference to the answer given to question No. 163 at the meeting of the Legislative Council held on 5th September 1928, the following report is laid on the table :—

*Extract from the letter of the Director of Industries, dated the 17th February 1928.*

I understand from the Forest department that even if the present price of charcoal is reduced by 25 per cent, the profits to the individual worker would be negligible and the question does not, as will be seen from the District Officer's note attached, merit further consideration.

### ANNEXURE.

*Extract from the note of the District Forest Officer, Cuddapah, dated the 17th December 1927.*

The hardship the metal workers are put to on account of the increase in the price of charcoal is quite insignificant when compared to other grievances. In fact they themselves admitted that on account of increased wages to coolies and carts, the contractors cannot afford to sell less.
